TOWNSVILLE AIRPORT WELCOMES NEW TERMINAL AND COMMERCIAL PRECINCT MANAGER

Townsville Airport is pleased to announce the appointment of Ms Sharon De Feo as the Terminal and Commercial Precinct Manager.

Ms De Feo has an extensive customer service background, having most recently held the role of Queensland State Manager with the 7-Eleven Group for the last eight years.

Originally from Townsville, Ms De Feo left the region some 20 years ago, moving back to Townsville from Brisbane in January this year.

“My family live in Townsville, so naturally this was a driving force in my moving back here.

“When I heard this position was available I thought it sounded really interesting, and loved that it’s a role focussing on people and the retail offer in the Airport,” Ms De Feo said.

Townsville Airport Chief Operating Officer Kevin Gill welcomed Ms De Feo’s appointment as major win for Townsville Airport.

“Sharon’s extensive experience is key to her appointment and given her long history with the region, she will be a great fit for the group’s North Queensland Community focus,” Mr Gill said.

Having now settled happily back in Townsville Ms De Feo has joined the Townsville Airport team with a fresh set of eyes for the future.

“I’m really excited about sinking my teeth into this position as I’m passionate about customer service and exceeding customers expectations, and with my retail background, I will be able to improve our offer to Townsville travellers,” Ms De Feo said.

Townsville Airport Pty Limited is a Queensland Airports Limited owned company.
